

Ezzi-Lift®

PRODUCT SPECIFICATIONS

The Ezzi-lift microcurrent device for aesthetic use gently stimulates, tightens, and tones the face and body for a more youthful, natural appearance. The non-invasive, hand-held device can be used without creams or gels and is ideal for use at home or in the clinic.

BENEFITS

- Diminishes the appearance of fine lines and wrinkles
- Tightens skin around the neck and jawline
- Delivers gentle microcurrent massage to the face and body
- Enables treatment without the need for creams or gels

FEATURES

- Avazzia BEST® microcurrent platform
- Medical-grade stainless steel electrodes
- Multiple treatment modes and intensity options
- Accessory port for optional treatment tools
